Enable me

If I can fly,
Why settle for walking,
If I can see the rainbow,
Why shroud me in grey,
If I can hear the birdsong,
Why leave me with a lifeless ring.
If I can read the Iliad,
Why give me a picture book.

My physician,
As you heal my pain away,
Talk, not just, of what I can’t do
Tell me,
What I can.
My glass half empty,
Is also half full.

Leave me not disabled;
When I can be enabled.
I have but this life.

MESSAGE FROM THE ORGANISING CHAIRPERSONS

The 16th Asian and Oceanian Myology Center (AOMC) Annual Scientific Meeting will be held from 6 to 8 August 2017 in Singapore. Since its first meeting in 2001, the AOMC Annual Scientific Meeting has attracted a broad audience from Australia, China, India, Indonesia, Japan, Malaysia, Philippines, Singapore, South Korea, Taiwan, Thailand and beyond.

Themed “Enabled Living – Disabled but not Handicapped”, this year’s meeting will be focusing on the clinical management of common adult and paediatric muscle and neuromuscular diseases, as well as the multi-disciplinary approach to ENABLED LIVING - helping patients overcome their handicap to lead fulfilling lives. We are involving patients, caregivers, patient support and patient advocacy groups from the region to be part of the meeting. In addition, we have organised an educational workshop run by international experts on diseases of the muscle and neuromuscular junction.

We have arranged a rich social programme; there will be many activities for you and your family as the meeting coincides with the Nation’s Independence Day celebration.

We look forward to meeting you in Singapore.

Thank you.
